

Notice to First Nations Clients and Stakeholders

In light of the changing and widespread impacts of COVID-19, First Nations Legal & Research Services has made a number of decisions in relation to our operations. Until further notice we are:

- Cancelling or postponing First Nations' face to face meetings, including native title meetings, field trips and workshops, where possible
- Limiting First Nations' staff attendance at face-to-face external meetings and encouraging the use of video and teleconferencing, where possible
- When required, closing First Nations' offices and instructing staff to work from home
- Limiting access to First Nations' office meeting spaces by external stakeholders

We are implementing these measures to protect the health and wellbeing of our staff, clients and communities, particularly given we work with some of the most at-risk demographic groups in Victoria.

As this situation is constantly unfolding, we will endeavour to keep our Traditional Owner client groups and stakeholders informed on the measures we are taking.

For updated health information and advice on COVID-19, please refer to the following official sources:
